

UK KIDNEY WEEK

PROGRAMME AT A GLANCE

KEYNOTE SPEAKERS

Prof Bruce Guthrie

Professor of General Practice,
College of Medicine & Veterinary
Medicine at Usher Institute,
University of Edinburgh

Prof Morgan Grams

Co-Director of the Division of
Precision Medicine
Susan & Morris Mark Professor,
Department of Medicine,
NYU Langone Health

Dr Peter Kotanko

Head of Biomedical Evidence
Generation and
Research Director,
Renal Research Institute,
New York

Prof Sir Peter Mathieson

Principal & Vice-Chancellor,
University of Edinburgh
Renal Association Past-President
(2007 - 2010)

NAMED LECTURES & AWARDS

Dr Sharlene Greenwood
O'Donoghue Lecture

Consultant Renal Physiotherapist
King's Kidney Rehab Team
King's College Hospital, London
UKKA Past-President (2021-2023)

Dr Sharon Huish
*Donna Lamping MPT
Researcher Award Lecture*

Renal Dietetic Service Lead,
Royal Devon University Healthcare
NHS Foundation Trust
Honorary Senior Research Fellow,
University of Exeter

Prof John Sayer
Chandos Lecture

Deputy Dean-Clinical Medicine,
Professor of Renal Medicine,
Newcastle University
Honorary Consultant Nephrologist,
Newcastle upon Tyne Hospitals NHS
Foundation Trust

Dr Dwomoa Adu
*UKKA Lifetime Achievement
Award Lecture*

Honorary Consultant Nephrologist,
University of Ghana Medical School
Honorary Senior Research Fellow,
University of Birmingham

TUESDAY 11 JUNE

■ SPONSORED
■ SCIENCE SESSIONS
■ RENAL PATHOLOGY SESSIONS

11:30 - 12:30

LUNCH & EXHIBITION

12:30 - 13:45

OPENING PLENARY

Presidents' Welcome

Keynote Speaker - Bruce Guthrie, Professor of General Practice, Usher Institute

O'Donoghue Lecture - Sharlene Greenwood, Consultant Physiotherapist, Kings College Hospital

14:00 - 15:30

Sunshine
on Scottish
nephrology
2024

Best clinical
abstracts

Transforming
patient
pathways
& reducing
health
inequalities
through early
detection,
diagnosis
& better
treatment

Progressing
the cardio-
renal-metabolic
agenda across
healthcare
settings – now
is the time

Kidney
networks:
adding value
by working
together –
showcasing
CKD
prevention

Cardiovascular
Disease in
CKD: novel
mechanisms,
new targets &
improved risk
prediction

Phosphate,
calcium & PTH
management
– a bone of
contention?

The Mental
Capacity
Act & kidney
treatment:
assessing
capacity &
the Court of
Protection

14:00 - 15:00

Weighing in
on kidney
health in
Scotland

15:10 - 15:30

Sponsored
symposium

15:30 - 16:00

BREAK & EXHIBITION

16:00 - 17:00

MODERATED POSTER SESSION

17:15 - 18:15

Sponsored
symposium

Sponsored
symposium

Sponsored
symposium

18:15 - 19:15

WELCOME RECEPTION

SPECIALTY REGISTRAR RECEPTION

19:30 - 22:00

SPEAKERS' DINNER

WEDNESDAY 12 JUNE

WEDNESDAY 12 JUNE

 SPONSORED
 SCIENCE SESSIONS
 RENAL PATHOLOGY SESSIONS

14.15 - 15.45

Kidney health inequalities: community engagement & research - moving the dial further along

Implementing strategies to support people to live well with kidney disease: utilising the RSTP toolkit

Novel solutions to effective CKD prevention work with primary care

Failing kidney transplant: next steps in management in children & adults

Peritoneal dialysis related infection

New routes to protect damaged & aged kidneys

The kidney biopsy makes it to the 21st century: what next?

Sustainable kidney care: a global initiative towards greener nephrology

14.15 - 15.15

UKKA & Kidney Care UK: Creating a new era of trusted, accessible patient information

15.25 - 15.45

Sponsored symposium

15.45 - 16.05

BREAK & EXHIBITION

16.05 - 17.05

Sponsored symposium

Sponsored symposium

Sponsored symposium

17.15 - 18.15

Late breaking abstracts

Viral complications of transplantation: a scientific update

Poverty is everyone's business - the case for closer collaboration between health & social care

Fun & practical quality improvement – past, present & future of QI

Improving quality of life for older people having dialysis

Unexplained CKD & kidney failure- paediatric, adult & genetic approaches

Pathology case discussions

Realist synthesis interactive session

Exploring the provision of psychosocial care to the young adult population

19:30

CONFERENCE DINNER

THURSDAY 13 JUNE

PLENARY

Keynote speaker - Morgan Grams, Susan & Morris Mark Professor of Medicine, NYU Grossman School of Medicine
Chandos Lecture - John Sayer, Professor of Renal Medicine, Newcastle University
Keynote speaker - Peter Kotanko, Head of Biomedical Evidence Generation & Renal Research Institute, New York

10.00 - 10.30

BREAK & EXHIBITION

10.30 - 12.00

Healthcare
data for
patient
benefit

Value in
kidney
health:
using health
economics
to advance
kidney care

Kidney
supportive
care -
research &
evidence

Getting the right vascular access for patients - facilitating the flow

Patient acuity & workforce challenges in haemodialysis units; a collaborative approach

Best science
abstracts

Raine Award
- Benjamin
Stewart

Complement inhibitors & vasopressin-2 antagonists: recent advances in renal disease

10.30 - 11.30

Navigating implementation of patient reported experience & outcome measures

10.30 - 11.30

Anaemia - what is new & how do we measure success?

11.40 - 12.00

Sponsored
symposium

11.40 - 12.00

Sponsored
symposium

12:00 - 13:00

LUNCH & EXHIBITION

13:00 - 14:30

How can the kidney community help make CKD a higher priority for governments & the NHS?

Preventing kidney complications associated with diabetes: the hot potato!

Journal
Club Gold
2024

Blood purification: have we reached the end of the road with the tools that we have?

Expanding access to home dialysis

Inflammation as a key driver of kidney dysfunction

Interventional nephrology should exist in every renal unit

Optimising nutrition in advanced kidney care - an update for all

13.00 - 14.00

Quality of life as the focus of management of anaemia in CKD

14.10 - 14.30

Sponsored
symposium

11-13 JUNE 2024
EDINBURGH, SCOTLAND
