

# Sponsorship and Exhibition Opportunities

UK Kidney Week 10-12 March 2026 Harrogate, UK

# WELCOME AND THANK YOU FOR YOUR INTEREST IN UK KIDNEY WEEK 2026

This year's event will take place earlier than usual, so please note the updated dates: **10–12 March 2026.** 

UK Kidney Week is the largest kidney-focused healthcare conference in the UK, bringing together over 1,400 healthcare professionals from across the kidney community. It offers a unique platform to connect with clinicians, researchers, allied health professionals, trainees, service leads and decision-makers - all under one roof.

As always, our three-day programme will feature high-impact plenary sessions, special interest group meetings, hands-on workshops, and symposia covering the full range of kidney care.

We're looking forward to you joining us for UK Kidney Week 2026 in Harrogate!

#### WHY SPONSOR OR EXHIBIT?

UK Kidney Week is the UK's largest annual gathering of kidney healthcare professionals - and one of the most valuable touchpoints for any organisation working in the renal space.

By sponsoring or exhibiting, you will gain:

- Direct access to over 1,400 kidney professionals from across the UK
- Visibility across the **whole multi-professional kidney team** from consultants and pharmacists to nurses, dietitians and service managers
- Opportunities to align with innovation and best practice across transplantation, AKI, dialysis, CKD, face-to-face engagement with NHS decision-makers and influencers
- **Brand exposure** through conference signage, digital content and pre/post-event campaigns
- Priority opportunities for sponsored symposia and sponsored communications (available only to UKKA Corporate Members or partners)

This is a key moment in the NHS calendar to showcase your products, services and partnerships. If your organisation is committed to improving kidney health and healthcare delivery, this is the place to be.

#### OUR CONFERENCES

UK Kidney Week 2025 took place in-person between 10-12 June in Bournemouth.

This was the fourth in-person UKKW event since 2019 and was hosted at the Bournemouth International Centre with 1,444 attendees.

There were 12 sponsored symposia in the programme over the three-day period.

175 speakers

395 posters

48 exhibitors

50 abstracts

80 kidney centres

"What we learned at UKKW has allowed my consultant and I to put in place new procedures to support our patients."

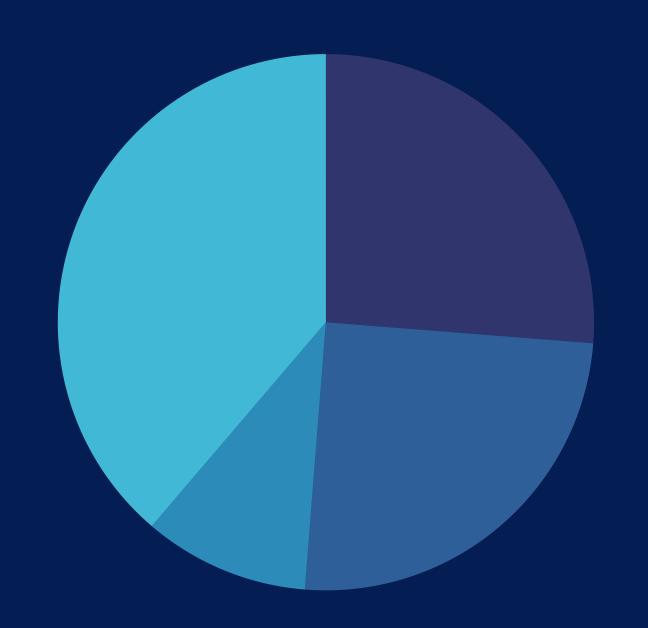

"UKKW is my favourite kidney conference as it brings together all of the UK to discuss all the great things happening within the kidney community. It also provides a perfect opportunity to catch up and discuss future collaborations."

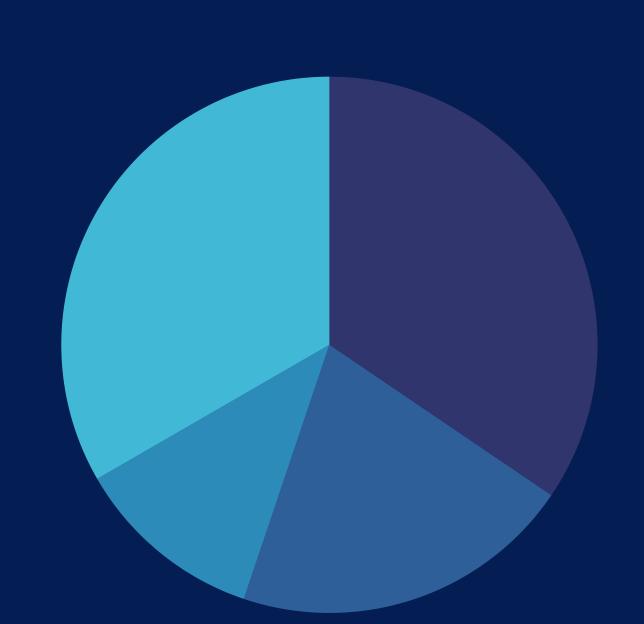

"We found equipment we will plan to upgrade to in our practice. We also found medication we may possibly trial in our unit."

# OUR DELEGATES

2025

1,444 total attendees

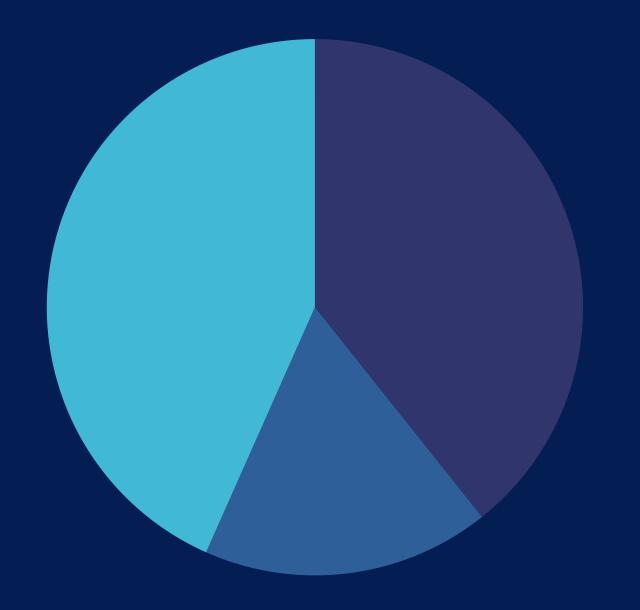

2024

1,495 total attendees

2023 1,316 total attendees

Stand space will be allocated on a first come first served basis with priority given to UKKA Corporate Members.

#### EXHIBITION

Due to increasing regulation around patient organisations and the promotion of pharmaceutical companies to non-healthcare professionals, we are required by codes of best practice to have all patient charities in an area separate to pharmaceutical companies.

To accommodate this without prejudice to our patient charities, we can now offer the two areas:

#### **Studio 1 Exhibition Hall:**

- For industry and non-patient organisations
- Suitable for those regulated by the ABPI/PMCPA
- Behind closed doors

#### **Studio 1 Foyer:**

- Directly in front of the main exhibition
- Traffic from registration, parallel sessions (Hall D, King's Suite, Queen's Suite)
- Separate catering area
- Not suitable for those regulated by the ABPI/PMCPA

#### Please see the plans below
